To Whom it May Concern,

Brendan Stander has been employed with AEMG Studios as a dubbing engineer and production coordinator since August 2018. His knack for staying organised along with his technical aptitude and ability to take the lead have been great assets to our production. He was initially hired as a dubbing engineer but showed potential in management and was consequently promoted to coordinator.

I can confidently recommend Brendan as a reliable coordinator and audio/dubbing engineer. His skill and determination to get the job done is sure to be an asset to any business.

For further questions feel free to contact me using the details below.

Yours faithfully,
Marius de Beer
